**2022
HIGH SCHOOL
CHEMISTRY OLYMPIAD
AWARDS CEREMONY**

Thursday, May 26th, 2022

**Brought to you
Virtually on Zoom**

CONGRATULATIONS

Welcome to the 108th Annual Southern California Section American Chemical Society High School Chemistry Olympiad Awards Ceremony

We honor the top high school teams, the top scorers of the competition, the National Olympiad Team, and the top student from each school with ten or more participants in the local section exam.

576 students took the local Southern California Section exam in-person, representing 22 schools. 15 students from the local exam were invited to participate in the National Exam on April 30 at Cal State Dominguez Hills.

Congratulations to all the students who participated in the Local and National Exams. Their accomplishments will be applauded and commended on this night.

Welcome

Thomas Mathew, Ph.D.

Paul Shin Memorial High School Teacher of the Year Award

If you know of a local high school chemistry teacher who is making a difference, please make the effort to show how important his/her work is to you and the students. Self-nominations from those who feel they fit the requirements are accepted as well. It's teachers like the recipients of this award who make learning chemistry rewarding.

Plus, there is a financial component of \$500. The \$500 will be an unrestricted award directly to the teacher. The winner of the Section Award will also be entered at the National ACS level for the Western Regional High School Teacher of the Year Award and the James Conant Bryant Award. Having won a previous award does not necessarily exclude a nominee; however, the nomination would need to be based on different criteria than the first award.

Nomination Package should include: Biographical sketch of nominee with date of birth, list of any publications, statement (no more than 1,000 words) of nominee's achievements as a high school chemistry teacher including quality of teaching, effective methods, nominee's ability to challenge and inspire students, extracurricular work (science fairs, clubs, etc.). Seconding letters are not essential, but up to five may be included. Nominating documents should be submitted via email to office@scalacs.org. Note that signed documents that have been scanned are acceptable.

The deadline for nominations is November 15th, 2022. Please feel free to contact Michael Morgan of the Educational Affairs Committee at mmorgan@lausd.net if you have any questions.

Here is a partial list of past recipients:

Caroline Morgan, Francisco Bravo Medical Magnet High School

Paul Groves, South Pasadena High School

Dr. Deborah Bennett, Calabasas High School

Paul Bender, Whitney High School

Larry Walker, Calabasas High School

Dean Papadakis, South Pasadena High School
